

Somebody Left Me Crying

Billy Thorpe & The Aztecs

I've had quite a few listens and it goes something like this. It's not 100% but close

Well
Somebody left me crying
Somebody let me down.
But there's no denying
It's been a good ride round
Somebody left me lonely
Somebody made me cry
Well I love her only
And alone I'll die
Somebody left me crying
Somebody let me down.
But there's no denying
It's been a good ride down

It's been a good ride down
Lord, it's been a good ride down
It's been a good ride down
Lord, it's been a good ride down

Somebody left me crying
Somebody let me down.
But there's no denying
It's been a good ride down
