

Lift Me (with Ane Brun)

Madrugada

lift me - lift me from the ground
and don't ever put me down - oh no
and don't pick a fight with me
just flip a coin my love - you've won oh Love - slips her hand inside my hand
oh Love - slips her hand inside my hand
I don't care if you don't want me
I'm yours - I'm yours right now our years - are years well spent
we may never find out where they went - oh no
and I don't mean to fight with you
now all our troubles and all our struggles they are through oh Love - slips her hand inside my hand
oh Love - slips her hand inside my hand
I don't care if you don't want me
I'm yours - I'm yours right now the wolf and the fox
they're sleeping soundly with the elk and the ox
there's a starry field around
this low lit kingdom
where all our defences are down oh Love - slips her hand inside my hand
oh Love - slips her hand inside my hand
I don't care if you don't want me
I'm yours - I'm yours right now Wrecked, poor, naked and blind
I'm yours - I'm yours - right now
