

# One Day At a Time

## Jason Crabb

I've given up on trying  
To make it on my own  
Time to say goodbye and leave the life I've known  
Foolish things that I regret  
Failure I'd like to forget  
I sift through them just like sand  
I let them slip right through my hand  
Chorus:  
I'm letting go of all the pieces  
That I tried to keep from falling down  
Your the only one that can heal a heart like mine  
I'm reaching out so help me Jesus  
Take who I was and lay it on the ground  
and leave it all behind  
I'm trusting you one day at a time  
I walk away no worries  
For what tomorrow holds  
I won't look behind me, no  
I'm good to go  
Smiling, cause I'm finding peace  
Mercy for the memories  
Faith is whispering, Amazing Grace  
I shake the dust off from this place  
Repeat Chorus: One step in front of the other  
Walking next to you  
With each dawn I discover  
You help me make it through  
I'm letting go  
Repeat Chorus: One day at a time  
Help me Jesus  
Help me Lord  
One day at a time
