

# Big Chips

R Kelly

Big chips, we off in Vegas, drinkin' an' partyin'  
We got chicks in swimsuits modelin'  
We in them twin stretch Maybachs, dippin' low  
The way the wrist shine, it's so magical  
You know them boys got the clubs out of control  
Nigga, fuck what ya heard, it's Kells an' Hov  
With the second comin' of 'Best of both'  
In the first week, I predict a million sold, we talkin'  
Big chips, big trips to Vegas, nigga  
Big cribs an' the whips is spacious  
Any day they could dig your grave  
Shit, So Big is my inspiration, dig?  
No reward, that's the risk is taken  
In which case you niggaz wouldn't wanna switch places  
I, on the other hand relish the situation  
Thank the Lord for the gift, I'm gracious  
I went overboard, look at this big bracelet  
I overhauled it, you wouldn't recognize it  
From the time that I bought it, I just replaced it  
I risk cases for shit like this, nigga  
I pray for some shit like this  
Word to my Uncle Ray  
Who gave us life for some shit like this  
Ma, you rollin', I'm as real as it gets  
Big chips, we off in Vegas, drinkin' an' partyin'  
We got chicks in swimsuits modelin'  
We in them twin stretch Maybachs, dippin low  
The way the wrist shine, it's so magical  
You know them boys got the clubs out of control  
Nigga, fuck what ya heard, it's Kells an' Hov  
With the second comin' of 'Best of both'  
In the first week, I predict a million sold, we talkin'  
Big chips, I can't take this  
The way you move your ass slow like Matrix  
You make me wanna toss chips in Vegas  
Before I toss chips first, get naked  
I can't fake it  
Girl, you got the club shut down when you freak it  
Superstar, honey, so mean an' vicious

Got a lot an' comin', I'm so mean an' vicious  
Bark, bark farmer, this chicken layin' platinum, ex-farmer  
So go low, mama, give it a go  
As I punch 170 on stretch roads, must turn up the radio  
Girl, you so good, I'm swervin' like, ?Whoa, whoa?  
From the club to the stretch  
Out the stretch to the Hotel  
Into the hotel suite

Big chips, we off in Vegas, drinkin' an' partyin'  
We got chicks in swimsuits modelin'  
We in them twin stretch Maybachs, dippin low  
The way the wrist shine, it's so magical  
You know them boys got the clubs out of control  
Nigga, fuck what ya heard, it's Kells an' Hov  
With the second comin' of 'Best of both'  
In the first week, I predict a million sold, we talkin'  
Big chips, ?I'm a boss,? I said  
Tilt my hat an' I cross my legs  
Like old ladies at the park, I toss my bread  
An' the pigeons start flockin', ballin' like Bishop Loughlin  
An' stick Cochran on any D.A. to try to stop him  
So any gunplay that is a option  
I been doin' this since niggaz was woppin'  
Rockin' Izods with the matchin' socks an'  
Slap boxin' in the back park an' when the girls start watchin'  
They try to get real, you had to drop 'em  
See, I ain't never been a fronter  
Or fake it 'til I make it tight, nigga  
Ma, I don't want ya number, either you're comin' or I one ya  
Either you know what you want, ma, I don't even want ya  
You play pretty if you wanna  
Big chips, we off in Vegas, drinkin' an' partyin'  
We got chicks in swimsuits modelin'  
We in them twin stretch Maybachs, dippin low  
The way the wrist shine, it's so magical  
You know them boys got the clubs out of control  
Nigga, fuck what ya heard, it's Kells an' Hov  
With the second comin' of 'Best of both'  
In the first week, I predict a million sold, we talkin' big chips  
All around the world, stop where the sun sets  
Spendin' big chips you wanna go, you wanna go  
Say we goin' around the world, stop where the sun sets  
Spendin' big chips you wanna go, do you wanna go?  
Come on, Tone, I see ya

Jigga, Kells, yeah, Track Masters, what's really good?  
We in the Islands, chillin' in the shade an' shit  
You know, blue waters, yellow sand  
Either I'm high or I think I just saw a dolphin  
What you drinkin', J?  
Me, myself, I'm drinkin' on this lemonade  
Mixed with some, I dunno what this shit is  
But it got me real nice right now  
Tone, fade this track  
Goodnight
