

# Perfect Gentleman

## Hamilton Park

You can have all my time  
'Cause I love it when you say I'm  
Sexy, soulful, such a perfect gentleman  
Swagger's got a feeling me, gentleman  
I give her everything she needs  
I had a lot of girls tell me before  
That they had everything that I was looking for  
But there's something about you that I just can't ignore  
Could it be your style or is it your smile  
Or maybe it's the way you say I'm  
Sexy, soulful, such a perfect gentleman  
Swagger's got a feeling me, gentleman  
I give her everything she needs  
You make it so easy to see  
How you take such good care of me  
You got this player 'bout to fall in L O V E  
Could it be your touch that makes me want you so much  
Or maybe it's the way you say I'm  
Sexy, soulful, such a perfect gentleman  
Swagger's got a feeling me, gentleman  
I give her everything she needs  
You've found the way to get me focused on  
Building something real with you  
Oh, I can't explain how it got this far  
Really like the fact you know I'm  
Sexy, soulful, such a perfect gentleman  
Swagger's got a feeling me, gentleman  
I give her everything she needs  
Oh, oh, baby, yeah  
You are my superstar, girl
