

No!

Facing New York

No is no
No is always no
If they say no
It means a thousand times no
No plus no equals no
All no's lead to no, no, no
Finger pointing, eyebrows low
Mouth in the shape of the letter O
Pardon me, no
Excuse me, no
May I stay? Can I go?
No, no, no
Do this, no
Don't do that, no
Sit, stay, roll over
No, no, no
Finger pointing, eyebrows low
Mouth in the shape of the letter O
Red means stop, do not go
No, no, no
