# Still A Friend Of Mine

## Incognito

You know as true as trees are tall
And autumn leaves do fall
Oh, it sometimes rains in paradise
And even the warmest heart can turn to iceI know it happend to us all
Every kind of people fall
And after all the tears are gone
Do we have the heart to carry onChorus:
Here and now, still somehow
Still a friend of mine, oh you're still a friend of mine
Still a friend of mine, you're still a friend of mine
Still a friend of mine, oh you're still a friend of mine
OhTo think of all the times I hurt you
And never thought it through
Oh, I treated you so badly baby
Could such a cruel heart ever be freeI know it happens to us all
Every kind of people fall
Oh, and after all is said and done
Do we have the heart to carry onChorusI know as long as I've got you
And we do the things we do
The next time baby
That our love breaks down
I'll do the best that I can
To turn it aroundChorusTime and time and time again
I'm gonna be right here for you baby
Seasons come and seasons go
Gonna be right here for youRepeat x 3 (Fade)
