Inside

[Kem](#)

I get a rush when I brush up against your lovin
Feelin's start to flow, ooh and there I go in your lovin
Find myself at ease when you're lovin me
All I need I find in your loveGirl, dont you know I made up my mind?
On givin you a love so fine
Im livin inside your love
Im never gonna let you go
Im gonna let my feelin's show
Im livin inside your loveSo come with me set sail, were free
Heaven knows no bounds
Why dont we make this last forever?
Ive gotta an awful lot of love to give, we can fly, soarOh, I have no fear, when you're near all my pain
disappears
Im left in peace surpassin, understandin
No inhibition, no superstition
What we have is pure like snow, girlIve made up my mind
On givin you a love so fine
Im livin inside your love
Im never gonna let you go
Im gonna let my feelin's show
Im livin inside your loveIm gonna do the best I can
To be your ever after man
Im livin inside your love
Takin it day by day
Lovin you this way
Im livin inside your loveAfter all this time
Im givin you a love so fine
Im livin inside your love
Im never gonna let you go
Im gonna let my feelin's show
Im livin inside your loveGonna do the best I can
To be your ever after man
Im livin inside your love
Takin it day by day
Me lovin you this way
Im livin inside your loveGirl, after all this time
Im givin you a love so fine
Im livin inside your love
Gonna do the best I can

To be your ever after man
Livin inside your loveLivin inside your love, babe
Livin inside, livin inside your love, babe
Gonna do all I can
To be your ever after man
Im livin inside
Gonna stay inside your love
I'm livin inside
