

# No Filter

Tina Arena

Looking at the world we're in  
Vulnerable  
Embracing in  
Look at you  
I see me? and real  
But not made of steelCause we carry  
They tell a story  
A history  
There is no filter  
There is no standing  
Anywhere between  
You and me  
Something familiar  
Are imperfections  
And our honesty  
So perfectly  
I don't care  
I'll do it without  
I'll live without  
This smoke screen  
I want no filter  
There is no filter  
Between you and me  
No regrets  
In retrospect  
Believable  
Not virtual  
What is real  
What is geste  
Who can tell  
Now I'm over itCapture this moment  
Of something so???  
So beautifulThere is no filter  
There is no standing  
Anywhere between  
You and me  
Something familiar  
Are imperfections  
And our honesty

So perfectly  
I don't care  
I'll do it without  
I'll live without  
This smokescreen  
I want no filter  
There is no filter  
Between you and meLet's start??  
They tell a story  
This moment  
Something so???  
So beautiful  
Where we have???  
How far we've comeThere is no filter  
There is no standing  
Anywhere between  
You and me  
Something familiar  
Are imperfections  
And our honesty  
So perfectly  
There is no filter  
There is no standing  
Anywhere between  
You and me  
Something familiar  
Are imperfections  
And our honesty  
So perfectly  
I don't care  
I'll do it without  
I'll live without  
This smoke screen  
I want no filter  
There is no filter  
Between you and meI don't care  
I'll do it without  
I'll live without  
This smoke screen  
I want no filter  
There is no filter  
Between you and meI want no filter (?)  
I want no filter (they tell a story)  
I want no filter (?)  
I want no filter (so rarely, so beautiful)
