

Dreaming

Stevie Hoang

Its only been a day
But I cant wait for you to come through, oh
Cause every moment that I have
I just wanna spend it with you, oh
Honey turn off the lights
I can see me and you
Its running through my mind
All the things we can do
I dont wanna miss a thing
So I aint gonna sleep tonight
Girl you should know
Since the day that you came in my life
Its like Ive been dreaming
Cant explain when I open my eyes
It feels like Im dreaming
Whats happened to me?
Its like Im lying in my bed
Just let me sleep
Cause I dont wanna wake up, yeah
Every moment with you by my side
It feels like Im dreaming
Ive been fantasizin situations in my head, oh
Candles in the dark
Rose petals leading to the bed, oh
Then we pull back the sheets
And your dress hits the floor
You come on top of me
Girl weve waited so long
I dont wanna miss a thing
So I aint gonna sleep tonight
Girl you should know
Since the day that you came in my life
Its like Ive been dreaming
Cant explain when I open my eyes
It feels like Im dreaming
Whats happened to me?
Its like Im lying in my bed
Just let me sleep
Cause I dont wanna wake up, yeah

Every moment with you by my side
It feels like Im dreaming
Girl I know a place where we can go
Where theres no one but me, you and the shore
Just close your eyes and Ill be by your side
Just promise me youll meet me there tonight (I know)
Girl I know a place where we can go (we can go)
Where theres no one but me, you and the shore (no one is watching)
Just close your eyes and Ill be by your side (oh, baby)
Just promise me youll meet me there tonight (night)
Since the day that you came in my life
Its like Ive been dreaming (Girl I cant explain it)
Cant explain when I open my eyes
It feels like Im dreaming
Whats happened to me?
Its like Im lying in my bed
Just let me sleep
Cause I dont wanna wake up, yeah
Every moment with you by my side
It feels like Im dreaming
