

# I Wanna Make Love to You

K-Ci & JoJo

Either you're with me or against me  
Tell me what chu wanna do, do you wanna be with me?  
Baby, you're lookin' so good tonight  
I can't control myself, I wanna take you home with me And lay you on your back, take off all your clothes  
Make love you like you never ever known  
And I'ma take my time and give it to you right  
I wanna make love to you all night I just wanna make love to you  
(I'm gonna give it to you so good, baby)  
But we got to do it right  
I just wanna make love to you  
(And stoke the back of my hair)  
I don't wanna fuss and fight  
(As I stoke you back and forth) I just wanna make love yo you  
(Real slow, real slow)  
But we got to do it right  
(Nice and easy, nice and easy)  
I just wanna make love to you  
(That's what I'm gonna do all night long)  
I don't wanna fuss and fight  
(And no one gonna interrupt our love making) 24/7, 365 days of a year  
All I want to do is just have your body near  
All I wanna do is, do you so right  
All I wanna do is make love to you all night 24/7 365 Days of a year  
I'll do anything to have your body here  
Let's fly high, like the bird we call a dove  
Let's fly high, when we making love I just wanna make love to you  
(Oh)  
But we got to do it right  
I just wanna make love to you  
I don't wanna fuss and fight I just wanna make love you you  
But we gotta do it right  
I just wanna make love to you  
I don't wanna fuss and fight Baby you're lookin' so good, you look so nice  
Do you wanna dance? Boy I don't mind  
So take my hand and follow me, I thought that you would never ask me  
Let's dance the night away You're gonna think that we're making love on the dance floor  
I'm gonna do so many freaky things to you  
I'm gonna hold you so close and grind on you real slow  
I'm gonna make you wanna get your coat

And want to come on home with me I just wanna make love to you  
(That's my mission, baby)  
But we got to do it right  
I just wanna make love to you  
I don't wanna fuss and fight I just wanna make love you, you  
But we gotta do it right  
I just wanna make love to you  
I don't wanna fuss and fight I just wanna make love to you
