

How We Do It

Lights

Ask me a question, I only want to talk
So get a little closer, cause time is all we got
Nothing is easy, nothing is free
But it doesn't matter nothing to me
'Cause we could go anywhereGot nowhere to be
It doesn't mean anything
These cities all become cities
Though we were visiting
We are all just passing through it
Hoping for someone to notice how we do itI wanna be happy, I want to die in love
When I get the money, I'm going to burn it up
So we can go chase it
After the thrill
Time isn't wasted it's trying to be filled
And we can be anywhereThere's nowhere to be
It doesn't mean anything
These cities all become cities
Though we were visiting
We are all just passing through it
Hoping for someone to notice how we do itIt doesn't go out in a blaze of glory
It's all about how you ended up where
Maybe we live just to tell our story
And how to get there, ohIt doesn't go out in a blaze of glory
It's all about how you ended up where
Maybe we live just to tell our story
And how to get there, ohThere's nowhere to be
It doesn't mean anything
These cities all become cities
Though we were visiting
We are all just passing through it
Hoping for someone to noticeThere's nowhere to be
It doesn't mean anything
These cities all become cities
Though we were visiting
We are all just passing through it
Hoping for someone to notice how we do it
