Pissant

Makeoutmusic

Got me a raygun
Got me an altitude
Can't help feelin'
Somethin's wrong with everyone of you
Inside your head
Trust me instead
Inside your head
Talk revolution
As if it matters now
I don't care anyway
Just give me what I want
Inside your head
Trust me instead
Inside your head
Oh, oh, oh, oh
Ooh, ooh, yeah
Fill me with your little whispers
Store your little nightmares

Of a generation said to burn
Come on honey
Let's go for a ride
Down where the crickets
Learn to sing and play, baby
Inside your head
Trust me instead
Inside your head
Trust me instead
Inside your head
Trust me instead
Inside your head
Yeah
Yeah
It's a motherfucka
Oh, ooh
Whew!
