First Light (Odelo Remix)

Dustin Tebbutt

I'm looking up
To where these stars still shine for you

I'm looking up
Beyond a crescent moon

I'm looking up
For a way to bring you home
Cause I'm lost without you

That's how I know I've found you
That's how I know I've found you

[Bumping Bridge]

I'm looking up
To where we carved our names in stone
And I was all around you

I'm looking up
For the star that you've become
And I know I've found you

That's how I know I've found you
That's how I know I've found you

That's how I know I've found you

[Chorus]

Your eyes at first light
Now I know that's wonderful
Your heartbeat's a wild fire
I'm in as far as one can fall

[Bumping Bridge]

That's how I know
That's how I know

[Childrenâ€™s voices in the background]

I'm looking up
To where we carved our names in stone
And I was all around you

I'm looking up
For the star that you've become
And I know I've found you

That's how I know I've found you
That's how I know I've found you

That's how I know I've found you
That's how I know I've found you

[Chorus]

Your eyes at first light
Now I know that's wonderful
Your heartbeat's a wild fire
I'm in as far as one can fall

That's how I know
