

# Still a Hold the Faith

## Sizzla

Still I hold the faith all when nat nwa gone  
No food in my plate, not one grain ya come  
Bills them high, just got a new born  
Other people cry canâ€™t manage the storm

Yet I know I'm gonna make  
Know I'm gonna make it  
Cause I put my trust in Jah  
Separation I got to shake it, Separation I got to shake it  
Samos, no matter what

Still I hold the faith all when nat na gwan  
No food in my plate, not one grain ya come  
Bills them high, just got a new born  
Other people cry canâ€™t manage the storm

Wickedness increase everyday  
All more and fire seems to be fading away  
Where is the love that created us all  
Thrown it away for some reason or the other  
This is my reality, This my reality oh oh oh  
Youâ€™re that word, to ensure a stability yeah  
This my reality, this is my reality oh oh oh  
I gotta take care of the family

Still I hold the faith all when nut nwa gone  
No food in the plate, not one grain ya come  
Bills them high, just got a new born  
Other people cry, canâ€™t manage the storm

Know we gonna make  
I Know we gonna make it  
Cause we've put our trust in Jah, rastafari  
Separation we gonna break it  
Separation we gonna take it  
Samos, no matter what, yeah

Mama Africa, mama Africa ooh, mama Africa oh
