

# Exit Sign

## Flip Grater

How many is that?  
How many hands left to hold on to?  
Where are the crowded streets I used to roll in  
Where are the flowers promised me?  
I could leave at anytime, but  
I just keep one eye on the Exit sign...How many hours left?  
How many hours until I wake?  
Where are muddy streets, I used to roll in  
Where is the world you promised me?  
I could leave at anytime, but...  
I just keep one eye on the Exit Sign.....  
I could leave at anytime, but....  
I just keep one eye on the Exit Sign....  
I could leave at anytime, well...  
I just keep one eye on the Exit sign...
