Artemis

Kawir

Now...
I reach into your - in your slumber, hear my callGod of dreams - in your sleep, the King am IMistress of the eve - Huntress...
Chaste and divine - Oh, Artemis... awakenMistress of the eve - Huntress...
For your caress, and your embrace
Will you, Artemis... awakenAwakenOh, my love, your tears fall from the sky
A rain, a river, an oceanYou left a mist
At your fall, and the dawn
You're not forgottenThe morning dew reminds me of you
Your pale, pale face is so enchanting
...And we adoreIn the sacred hours of love...
Awaken.
