Superhero

Garrison Starr

We are ten years old
We are holding our breath...underwater
Eardrums burstin' from the pressure
We can touch the bottom
Won't you come away...with me?
Oh, we are flying high
(Bare?) carpet on...feet
And we are airplanes today
We can do anything
We can do anything
And I don't ever wanna leave the stage
I am a superhero these days
And I don't ever wanna leave my age
I am a superhero these days
Baby where am I gonna go?
There must be a place for me I know
Try and try as I may
I can't make sense of a word I say
And I don't ever wanna leave the stage
I am a superhero these days
And I don't ever wanna leave my age
I am a superhero these days
Touch my cape -- I'll take you
So, c'mon touch my cape and I'll take you
C'mon touch my cape -- we're gonna make a whole new world
And I don't ever wanna leave the stage
I am a superhero these days
And I don't ever wanna leave my age
I am a superhero these days
