

# Just for You

## Lady Synful

Look this song right here  
Goes out to someone special in my life  
I know you thought I for got  
But it just wasnâ€™t easy, You know  
To put so much emotion into one song  
Look just for you ma

(1st verse)

So many things I wanna say  
I donâ€™t know where to start  
Forget the metaphors & lyrics  
Iâ€™m coming from the heart  
Donâ€™t care what the critics say  
This song is just for you  
If they feel it they feel it  
I just wanna speak the truth  
I know it wasnâ€™t easy  
Tryna race me on your own  
I was still a tender age  
When he left you all alone  
Young & confused  
Hurt & abused  
But thatâ€™s no excuse  
To leave your heart bruised  
I brought a lot of pain  
With the life that I was living  
Doing crazy things  
With the cards that I was giving  
Running loose on the streets  
While you lay at home asleep  
Not knowing that I stole your keys  
Rolling 3D  
Patients go to act a fool  
Banging 702  
Crazy house parties  
& hateful ass attitudes  
Sometimes I made you cry  
Ma this songâ€™s for you  
Iâ€™m saying that Iâ€™m sorry

## Apologies to you

(chorus)

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
Apologies to you

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
This song is for you

(2nd verse)

Its hard to express  
The way that I feel  
Iâ€™ve caused you so much pain  
Iâ€™m hoping that youâ€™ve heal  
Gave me strength  
When I was weak  
Spoke when I could speak  
Brightened up my day  
With just a kiss on the cheek  
You always made sure  
We had a place to eat  
& always made sure  
We had a place to sleep  
When we didnâ€™t have enough  
You made sure we came first  
Although you had the headaches  
From all the hunger & the thirst  
For all the drama in my life  
You stood by my side  
In the hardest of my time  
You made sure my tears dried  
Lost for a minute  
When Josh passed away  
It was you who brought light

Into my darkest days  
Never would of made it  
But you kept me on my feet  
Inspired me to move on  
& learn to face defeat  
Iâ€™ve always appreciated  
Everything you did  
Even thought growing up  
I was a crazy lil kid

(chorus)

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
Apologies to you

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
This song is for you

(3rd verse)

So here I am today  
Writing you this song  
Here to let you know  
You made it right  
When it was wrong  
Some call you weak  
But it aint no doubt  
That youâ€™re strong  
Without you by my side  
I wouldnâ€™t be this far along  
Youâ€™re my strength & my courage  
My heart & my weakness  
I love you more than life  
Ma please believe this  
Itâ€™s like I said before

This song is just for you  
Iâ€™m saying that Iâ€™m sorry  
Apologies to you  
Thanks for all the days  
That you wiped my tears away  
& thanks for reassuring me  
That everythingâ€™s ok  
Thanks for taking care of me  
When ever I was ill  
Thanks for the clothe  
& all the hot meals  
Every tear that you shed  
I will make it up to you  
So when the tables turn  
Iâ€™ll be stepping up to  
& be there for you  
Like you where there for me  
Try to understand  
Mama Iâ€™m sorry

(chorus)

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
Apologies to you

For all the times I made you cry  
This song is just for you  
When I kept you up at night  
This song is just for you  
For all the crazy things I did  
This song is just for you  
Iâ€™m saying t hat Iâ€™m sorry  
This song is for you (Iâ€™m sorry)
