

# Carnal Forge

## Carcass

Multifarious carnage  
Meretriciously internecine  
Sublime enmangling steelbath  
Of escheated atrocitiesEnigmatic longanimity  
Of ruminant mass graves  
Meritorious victory  
Into body-bags now scrapedRegnant fleshpiles  
The dead regorged  
Oscularoty majestic wrath  
This carnal forgeDesentisised to perspicuous horror  
Dehumanized fresh cannon fodderMeritorious horror  
Perspicuous onslaught  
Dehumanized cannon fodderKilling santised  
Slaughter scantified  
Desentised to genocideReigning corpsepiles  
Death regorged  
Sousing bloodbath  
Carnage forgedIn the cold, callous dignity  
Of the mass graveMultiferocious carnage  
Cruel, mendacious breed  
Sublime, murderous bloodbath  
Of fiscal atrocitiesInexorable mettle  
In redolent consomm  
An opprobrious crucible  
Of molten human wastePriapismic deathpiles  
Infinitely regorged  
The smelting butchery  
Of the carnal forgeDesentised to pragmatic murder  
Dehumanized into cannon fodder
