Crossfire

Brandon Flowers

There's a still in the street outside your window
Your keeping secrets on your pillow
Let me inside, no cause for alarm
I promise tonight not do no harm
I promise ya, babe, I won't do ya no harmAnd we're caught within the crossfire
Of heaven and hell
And we're searchin' for shelterLay your body down
Lay your body down
Lay your body downWatching you dress as you turn down the lights
I forget all about the storm outside
Dark clouds roll their way over town
Heartache and pain came a-pouring down
Like hail, sleet and rain, yeah, they're handing it outAnd we're caught within the crossfire
Of heaven and hell
And we're searchin' for shelterLay your body down
Lay your body down
Lay your body downLay your body down
Lay your body down
Lay your body downTell the devil that he can go back from where he came
His fiery arrows drew their beat in vain
And when the hardest part is over, we'll be here
And our dreams will break the boundaries of our fear
The boundaries of our fearLay your body down
Lay your body down
Lay your body downLay your body down
Lay your body down
Lay your body down
Next to mine
