Looking Down (Single Edit)

Audiovent

Yeah
My shadow stretches far and free
Yeah
It's telling me what I could be
Could beCause I'm tired
Of looking up
All the timeWe'll stand on top of the world
Looking down
We'll stand on top of the world
Looking downYeah
We'll set ourselves apart in time
Yeah
And then we'll leave it all behind
I'll riseCause I'm tired
Of looking out
For the lineWe'll stand on top of the world
Looking down
We'll stand on top of the world
Looking downWe'll stand on top of the worldYeah
Is anybody here like me?
Yeah
Can you face the sound
And decide?We'll stand on top of the world
Looking down
We'll stand on top of the world
Looking down
We'll stand on top of the world
Looking down
To rise above on our own
Looking down
