

# Oh Baby Babe

[Johnny Burnette](#)

Oh baby babe  
Oh come back baby, I wanna make  
You told me that you loved me  
And always would be true  
But now you've gone and left me  
And made me oh so blue  
Love to you  
Babe

Oh baby, come back a-baby come  
Oh come back a-baby come  
Oh come back baby, I wanna make love to you  
Oh baby, babe  
Oh come back baby, I want you to love me too

If I was you little baby  
I'd go and have my face  
I'd like to see you find a man  
You think will take my place

Oh baby, come back a-baby come  
Oh come back a-baby come  
Oh come back baby, I wanna make love to you  
Oh baby, babe  
Oh come back baby, I want you to love me too

Now you may think I'm jealous  
Of everyone in town  
But when it comes to lovin'  
You're the sweetest thing around

Oh baby, come back a-baby come  
Oh come back a-baby come  
Oh come back baby, I wanna make love to you  
Oh baby, babe  
Oh come back baby, I want you to love me too

Oh baby babe
