

The Bottom Line

[Rick Astley](#)

When we were out dancing the other night
You almost got me into another fight
You always want to prove you've got the touch, baby
To make all the other guys want you so much
But if you ever do that to me
Just one more time
I swear to you that I will blow
And baby that's
The bottom line
The bottom line
If you really love me like you say
Wouldn't keep on hurting me this way
You always turn away when I call your name
And baby things just stay the same
So if you ever do that to me
Just one more time
I swear to you that I will blow
And baby that's
The bottom line
The bottom line
Here we go
You've got to believe it's over
You've got to believe it's true
You've got to believe it's over
And we're through
You've got to believe it's over
You've got to believe it's true
You've got to believe it's over
And we're through
The bottom line
The bottom line
The bottom line
All that you have ever done for me
Is show just how rotten life can be
But this has taught me one thing that's for sure, yeah
I'll never let that girl back through my door
And if she ever does that to me
Just one more time
I swear to you that I will blow

And baby that's
The bottom line
The bottom line
The bottom line
The bottom line
The bottom line
