

# In the Lead

## Crush 40

Eyes of the world staring at me  
It makes me feel good  
So many people root for me  
It sets my heart on fire Turn it up, bring the noise  
Huge crowds goes wild  
There's gonna be some action  
It's time to have some fun Kick out the lead and not be let to wait  
Gettin' ready for the shakin' up  
I'm playin' game with heart and soul  
All the way that's only way to go  
Let's get it on, 'cause it's showtime I'm here to be dreams come true  
Where the crowds screams so loud  
You'll never know how good it feels  
It keeps me going strong I always run like hell  
To serve my every need  
I always believe in myself  
There's nothing I can't do Kick out the lead and not be let to wait  
Gettin' ready for the shakin' up  
I'm playin' game with heart and soul  
All the way that's only way to go  
Let's get it on, 'cause it's show time Kick out the lead and not be let to wait  
Gettin' ready for the shakin' up  
I'm playin' game with heart and soul  
All the way that's only way to go  
Let's get it on!  
There ain't no way to stop  
Nothin's gonna keep me down  
There's no limits for me  
Nothin's gonna stand in my way
