

Solo Cup

Donovan Wolfington

For three days and three nights
Well I've been high all the time
Strung out, in the heat, just drinkin' wine
You can go out and play
I'll stay inside all day
and know, I'm the only one who let you down Well Hey Mark I know you keep it seperate in your brain
And all the moving parts drive you insane You can go out and play
I'll stay inside all day
and know, I'm the only one who let you down
The sun will rise and I will stumble home
In a drunk disguise
To find that I take just way too much
And everything I write just fucking sucks
It's good for nothing
