

Sweet Tooth

Prometheus

Sweet Tooth

Turn me up?

{ Verse I }

Don't know where you been

But I'm glad they let you in

Meet the band and all my friends

Introduce 'em to your friends

How did you like the show?

I spotted you in the 3rd row

Thought I'd let you know (you're banging)

I recognize a girl with class

Bartender, fill her glass

I wanna watch her shake her (la la la la, la-la-la, la la la)

Forewarn you if I could

Right now you look so good

Right now I wish you would

Let me unwrap you baby cause I

{ Chorus }

I got a thing for chocolate

I got a thing for sweets (trick or treat baby)

I might make you melt girl (you shall be forwarned)

The way you dance to the beat

Aw girl, I got a thing for chocolate (I , I got a sweet tooth baby for you , whoo)

A thing for sweets

{ Verse II }

The softness of your skin (softness of your skin)

Like Gramma's cookie bag (gramma's cookie bag)

Oh I think I met my match (you're gorgeous, look at your ahhh)

Don't usually brag or boast

But I'm getting awfully close

To your goody-goody jar

To you in my car

To us wilding out from here

Now, that your throat is wet

There's elbow-room to step

Lets take full advantage

Hey, girl don't you panic

I got an A in physics (got an A in physics)

I warned you like I should
My God, you look so good
You gotta lotta soul in your hips
The way you lean back
Break me off a piece of that Kit-Kat
{Chorus}
I got a thing for chocolate (whoa)
I got a thing for sweets (whoa)
I might make you melt girl (whoa)
The way you dance to the beat (whoa)
Aw girl, (oh baby) I got a thing for chocolate (I got a thing for you, your sweetness)
A thang for sweets
(Ad lib)
Break me off a piece of that Kit-Kat baby
Ooh, uh, oh my Lord
Mmm .. I?m getting real real close to your goody goody goody goody jar.
You in my car
Oh, ooh, oh, my lord
Mmm sweet as you are
Chorus 2x
Let me in your cookie jar baby
Let me in your cookie jar baby
Let me, me-e-e-e-e in your cookie jar baby
Mmmm hmmm
