

# My Sexual Life

## Everclear

People you know try to tell you things  
Bad things that you don't wanna hear about  
Tell you tomorrow what you did today  
Just remember, it's a small town  
It's a real small town  
She gets tired of all the stupid boys  
She can't wait until they're done  
She wants a man who can take his time  
She wants someone who can make her come  
Yeah, can you make me come?  
You always say you want a simple life  
You and me both know that you are a liar  
You always say you want a simple life  
Hearin' you talk just makes me tired  
Swim in the heavy water  
Buried in the sand  
Happy hearts fall from my shaking hands  
I can't hide my sexual life  
He always says he wants a special one  
But you watch his head go spinnin' around  
He really wants anyone who'll give it up  
He seems to forget he's in a small town  
You always say you never fuck around  
You say this town is just plain full of liars  
Yeah, you always say you never fuck around  
Hey, hearin' you talk just makes me tired  
Swimmin' in the heavy water  
Buried in the sand  
Happy hearts fall from my shaking hands  
I can't hide my sexual life  
No no no no no no no no no no  
No no no no no no no no no no  
I can't hide my sexual life  
Yeah yeah, swimmin' in the heavy water  
Buried in sand  
Happy hearts fall from my stupid hands  
I can't hide my sexual life  
My sexual life, my sexual life  
My sexual life, my sexual life
