

Baby Bend Over

Field Mob

Wait a minute motherfucker
I got all this money in my hand and I'm lookin' at you girl
So what you gon' do?
Who? Me? I'm Polow Da Don
And these my boys they Field Mob let's go
I used to have a girl 'til I met you
I bet all the niggaz sweat you
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Way too pretty and ya thick too
I'll never disrespect you
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
I want her she know it
Look how she lick her lips man she posin'
Neighborhood dime project broad
Somebody baby mama fine no stretch marks
I'm Shawn get a better view
Yellow diamonds same color Theraflu
New shoes new shirt new jeans
So cool so fresh so clean
You got me fantasizin' wonder how the sex feel
I beat the pussy all night on a Ex pill
So drunk so high so ready
Club close had her ridin' shorty in the Chevy like
I used to have a girl 'til I met you
I bet all the niggaz sweat you
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Way too pretty and ya thick too
I'll never disrespect you
Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
She got nice breasts big booty
But I ain't frontin' bend over and moon me

Tonight I brought a lot of change I ain't runnin' out
So why not make it rain for them thunder thighs
I'm fly like my pants zipper

Fresher than old dude and his man wit him
Look good smell good I'm good
What's up how you doin'?

You so goddamn fine I gotta have ya
I beat the pussy all night on Viagra
So geeked so right so crunk

I let her drive while I ride shorty in my donk like
I used to have a girl 'til I met you
I bet all the niggaz sweat you

Now baby bend over, now baby bend over
Now baby bend over, now baby bend over
Way too pretty and ya thick too
I'll never disrespect you

Now baby bend over, now baby bend over
Now baby bend over, now baby bend over

I got the chick on my jock she want the big harpoon
Skip the marriage for the honeymoon
I'll be damned now we back at the room

And I'm diggin' in the puddin' wit a 9 inch spoon
Ladies say I got the glow
All this ice got me feelin' like a Eskimo
Hey all I wanna do it's ah ah I'm through
Chevy P my life is like a fairy tale
From Monday to Sunday a different female
My O's weigh 36 on my scale
If you don't tell I can sell Client
