

# Lately

## Macy Gray

Like they would've made you cry  
Didn't think you'd say goodbye  
But I hurt you deep inside  
And I'm sorry love Hope you can understand  
When I went to the other man  
See baby, had a worked out plan  
But you had enough Yeah, shake me love  
You wake me love  
I'm dreaming of you We're broken up  
But I'm sure it was  
You're my love Lately I've been coming up  
Just like a palm tree  
People surrounding me Yeah, I am popular  
They say I'm pretty  
You should come back to me  
Lately, lately Yeah, baby, I was a crowd  
Didn't realize what I had  
To the girl that made it bad  
And I'm sorry love But I landed on my feet, now  
Look-a-here and you will see, now  
I think you'll like me  
Check me out Yeah, shake me love  
Don't wake me love  
I'm dreaming of you We're broken up  
But I'm sure it was  
Love, my love Lately I've been coming up  
Just like a palm tree  
People surrounding me Yeah, I am popular  
They say I'm pretty  
You should come back to me  
Lately, lately You have what I need  
And I know how it seems  
But it's not that way  
I was chasing my dreams If you only knew  
How I felt about you  
You'll be running back  
Back on my street Lately I've been coming up  
Just like a palm tree  
People surrounding me Yeah, I am popular

They say I am pretty  
You should come back to me  
Lately, lately Lately I've been coming up  
Just like a palm tree  
People surrounding me Yeah, I am popular  
They say I'm pretty  
You should come back to me  
Lately, lately Lately I've been coming up  
Just like a palm tree  
People surrounding me Yeah, I am popular  
They say I'm pretty  
You should come back to me  
Lately, lately
