I Wear Your Ring

Cocteau Twins

You don't feel damned between the sunrise and sunset
You're damned well panicky, I know the rainy days
Please them or run on the turf
You could be raising money with your momma
Now you might be sure
When you're 'round and dressed up with kid
Take a toast to that, imbibe, you're aloneMen are so nice
(Lays can be)
Roses may fly, men are so useful
(He's a flirt)
Men are so useful(Reflection beauty)
Men are so nice, he pleases me fine
(Reflection beauty)
Men are so useful
(Be able to feel)Don't feel damned between the sunrise and sunset
You're damned well panicky, I know the rainy days
Please them or run on the turf
(You could be)
You could be raising money with your momma
(You could be)
You might be sure
When you're round and dressed up with kid
Take a toast to that, imbibe, you're aloneMen are so nice
(Lays can be)
He pleases me fine, men are so useful
(He's a flirt)
Men are so useful(Reflection beauty)
Men are so nice, he pleases me fine
(Reflection beauty)
Men are so usefulBeautiful hands us no way lies a means of love
On sounds and guard the stone, and bed had a law
Answers written and I reason
In the reign of sex, blown more than it's pleased to be
He's a beauty affection, oohBeautiful hands us no way lies a means of love
(Men are so nice)
(He pleases me fine)
On sounds and guard the stone, and bed had a law
(Pleases me fine, fine, fine, fine)
(Fine, fine, fine, fine, fine)

Answers written and I reason
(Men are so nice)
In the reign of sex, blown more than it's pleased to be
(He pleases me fine)
(Pleases me fine, fine, fine, fine)
He's a beauty affection, ooh
(Fine, fine, fine, fine, fine)Beautiful hands us no way lies a means of love
(Men are so nice)
(He pleases me fine)
On sounds and guard the stone, and bed had a law
(Pleases me fine, fine, fine, fine)
(Fine, fine, fine)
