

Open Your Eyes

Bea Miller

Water and light
Leaves his eyes
History falling down
Hope rising up
We're the here and now
All that came before
Can I stay asleep?
We're not children anymore We can fight the dark
This is who we are
There's a new light coming
Finally had enough
Finally waking up
To who we are becoming
Open your eyes! Will you be my love
Will you go with me
Are you who I dreamed?
Or just a memory
Will you understand
What I have to do
Will you be the man
The one I thought I knew We can fight the dark
This is who we are
There's a new light coming
Finally had enough
Finally waking up
To who we are becoming
Open your eyes! Into the deep blue
We'll do this together
Water and fire
Reach higher
There's no turning back We can fight the dark
This is who we are
There's a new light coming
Finally had enough
Finally waking up
To who we are becoming
Open your eyes!
