

Lord Knows (feat. Liz Horsman) [KhoMha Remix]

Markus Schulz

All I have is what you've given me
Concerned soul and time with my heart beat
Just give yourself up to the satellite
'Cause our minds are frozen by our frozen minds I want to see your shadow
I want to make you reckless
I want to hear you to scream out
I want to make you breathless
Somebody's calling
It's all we live for
Don't hear the warning
I feel what you're feeling Noone knows I've tried
To make you feel better?
Time heals the sky?
'Cause I make you feel better...
Chasing ghost yeah from your memory
Lost shadows only your eyes can see
Now keep yourself up to the satellite
Our minds are frozen by our frozen minds I want to see your shadow
I want to make you reckless
I want to hear you to scream out
I want to make you breathless
Somebody's calling
It's all we live for
Don't hear the warning
I feel what you're feeling Noone knows I've tried
To make you feel better?
Time heals the sky?
'Cause I make you feel better
Noone knows I've tried
To make you feel better?
Time heals the sky?
'Cause I make you feel better Noone knows I've tried
To make you feel better?
Time heals the sky?
'Cause I make you feel better
