

Run Tell Daddy

Gentle Bones

You talking teacher, did you know that?
Condoned outcome
He got the feature, did you see that?
Retired referees
Sometimes I go alone,
thinking ego stems from reason
Sentiment too strong,
Out of control "Did ya know that she had one?"
"Did ya know that he was sixteen?"
Then to find that all the farcifies are ripe
won't you go,
Run tell daddy, who come home
Who come home
Run tell daddy, who come home
Who come home You speak of culture but I don't see any, fragment of it left in you
Help me help you now or forever come to peace with how you cashed in on your belief "Did ya know that she
had one?"
"Did ya know that he was sixteen?"
Then to find that all the farcifies are right
Won't you go
Run Tell Daddy who come home
Who come home
Run Tell Daddy who come home
Who come home
Won't you go
Run Tell Daddy who come home
Who come home
Run Tell Daddy who come home
Who come home
