Loco

Coal Chamber

PullSteamroller rollin' through my head said
Attached to loco power up coal
Through the system out to the right said
You're in my lightLock down the generator, on man screw
Don't use the system, use the main plan
Full power up to the point man
Don't fuck with meMe loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me locoPullSteamroller rollin' through my head said

Attached to loco power up coal

Through the system out to the right said

You're in my lightLock down the generator, on man screw

Don't use the system, use the main plan

Full power up to the point man

Don't fuck with meMe loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me loco[Incomprehensible]Steamroller rollin' through my head said

Attached to loco power up coal

Through the system out to the right said

You're in my lightLock down the generator, on man screw

Don't use the system, use the main plan

Full power up to the point man

Don't fuck with meMe loco, me loco

Me loco, me loco

Me loco, me loco

Me loco, me loco
