

# Just Like This

## Limp Bizkit

Advisory - the following lyrics contain explicit language:

Get up, get up  
I like this  
Just like this  
Do you feel it?  
Then get up  
Get up  
Just like this Do you wanna catch the vibe?  
That's keepin' me alive  
I'm followin' these fat ass beats until I die  
Fill 'em with tension, the sick dimension  
I rumble the earth with the lowered suspension  
Just watch the ground move, let the sound prove  
That it ain't fake when the girls get naked Don't call it a comeback, we bring that beat back  
And we make sure that John kept them beats phat  
A lyrical rampage, burnin' your headset  
Open your mind, my rhymes ain't dead yet  
I want you to stand up, and put them hands up  
And break it down 'cause you're pumpin' my band up I like this  
Just like this  
C'mon get up  
Get up, get up  
Music is key  
It's the way we're set free  
From all this world is throwin' at me The rhythm's so insane, it's flowin' through your vein  
Triggerin' that neck poppin' nerve up in your brain  
I don't even know ya, but came to show ya  
The Bizkit's limp when the night is over  
We shake the whole place, make this earthquake  
And it ain't fake when we start the riots Rock the bells, psycho females  
Doin' time, blowin' up the phoneline  
Call it a stampede, comin' to your town  
We ain't gonna hold back, we're comin' to get down

I want ya to stand up, and put them hands up  
And break it on down 'cause you're pumpin' my band up I like this  
Baby, just like this  
Get high up  
C'mon, get up  
Music is key  
It's the way we're set free  
From all this world is throwin' at me  
And I'll do what it takes  
If I make some mistakes  
It's okay 'cause it's all just the way it should be  
I break it Limp Bizkit's in the house you all  
Limp Bizkit's in the house you all  
Limp Bizkit's in the house you all  
Yo John, bring that beat back Uhh, just like this  
Do you feel it?  
Just like this  
Yo bring that beat back  
Music is key  
It's the way we're set free  
From all this world is throwin' at me  
And I do what it takes  
If I make some mistakes  
It's okay 'cause it's all just the way it should be
