Narcissus

[Softengine](#)

So define it
Considered "went insane"
Self-inflicted
excessively for praiseWhen in disbelief
Navigations are deceiving
It might be misleading
to confuse the man with the illnessSelfish, selfish love
Lonely, lonely thought
Tell me, tell me,
Narcissus!
Come, love me, love me openly
Somebody should
tell me, tell me:
Why I'm the illness
or is the illness just in one?Overwhelming
Still standing strong
I will not fall under your blame
Don't confuse the man with the illness!Selfish, selfish love
Lonely, lonely thought
Tell me, tell me,
Narcissus!
Come, love me, love me openly.
Somebody should
tell me, tell me:
Why I'm the illness
or is the illness just in one?Narcissus 3x
Lost in his own eyes!Selfish, selfish love
Lonely, lonely thought
Tell me, tell me,
Narcissus!
Come, love me, love me openly.
Somebody should
tell me, tell me:
Why I'm the illness
or is the illness just in one?Narcissus!
Come, love me, love me openly.
Somebody should
tell me, tell me:
Why I'm the illness

or is the illness just in one?
