

Mind Over Matter

Del Shannon

Now my mind is made up,
My tears are all dried up,
I have got to face this problem on my own, You said you would love me,
Till the end of time had come,
All I've got's memory of you, Well it's,
Mind over matter,
Baby if,
Mind over matter,
Give me the strength,
That I need,
To carry on, Sitting here,
A-waiting here,
Not knowing if,
You're gonna be true,
You're all I had in life,
Now we're through, When you left I thought of dying,
Then I knew that you were lying,
Got to face the fact now we're through, Well it's,
Mind over matter,
Baby it's,
Mind over matter,
Give me the strength,
That I need,
To carry on, Well it's,
Mind over matter,
Baby if,
Mind over matter,
Give me the strength,
That I need,
To carry on, Sitting here away from you,
Not knowing if,
You're gonna be true,
You're all I had in life,
Now we're through, When you left I thought of dying,
Then I knew that you were lying,
Got to face the fact now you're gone, Well it's,
Mind over matter,
Baby it's,
Mind over matter,

Give me the strength,
That I need,
To carry on, Give me the strength that I need,
Give me the strength that I need,
Give me the strength that I need,
That I need,
That I need,
That I need,
That I need,
