

Help Me (produced by The Underdogs & Rob Knox)

Chris Brown

You look, so good
I cant, believe it
I'm out (my), my mind (mind)
I shouldn't be but (oh)
Women like you steal my control
Seen it across
My spot is next door
Come on (girl)
Girl don't (girl don't) be scared (be scared)
Now Baby[Chorus]
Help me help me help me
I want you to help me help me help me
I cant stop myself
You have been lovely
I wanna have you screamin'
Love me roughly I need a little bit of help
Keep raisin the body count
When ever i take em out
I end up takin em down
Can you help me help me help me
Shoot me or somthin
Help me help me help me
Do me or somthin
I need help We're here, (so) alone (good)
I got, a problem
I'm out (my) my mind (mind)
