Father Of Lies

LLuther

Half of me, I cannot fake it
Half of me, I slide to failure
Forget me, forget me now
Forget me, suppress me nowRelease the fear... I can
It doesn't really matter then
Fuck them all the ways you can
It doesn't really matter how
And suck them dry... right?Half of me, I cannot destroy
Half of me is damned
Forget me, forget me now
Resist me, or change me now
Half of me in little pieces
Half of me exploits the need, nowLies
Suck up
Lies
Swallow
God help me
I can't
I can make it
You can't imagine
I can fake it
You can't imagine
