

# Rain

## City and Colour

I'm giving up on all the sadness  
I'm giving up on all the dark  
Wanna walk away from all the madness  
That keeps on pulsing through my heart I can smell the rain  
Come down and wash away  
I can smell the rain  
I know now I will be safe Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh  
Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh  
There ain't no light left from the fire  
There ain't no distant lion's roar  
I can't stand to get much higher  
Though I am face down on the floor I can smell the rain  
Come down and wash away  
I can smell the rain  
I know now I will be safe Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh  
Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh My old ears hear no evil  
See no love with vacant eyes  
Can't find the kindness in common people  
So I think I'll leave this place behind  
I can smell the rain  
Come down and wash away  
I can smell the rain  
I know now I will be safe  
I can smell the rain  
I know now I will be safe  
I can smell the rain  
I know now I will be safe
