

Ring My Bell

[Kate Linn](#)

Take my hand let's fly
Baby you and I
Don't you be so shy
I will make you cry When I first met you I felt 2 worlds collided
You are my hero that couldn't be divided
And I don't worry coz i'm with you my baby
Stand by me and I'll tell you my story Baby let me tell you
Don't you make me yell a-ha
Who can ring my bell?
You, don't you make me yell a-ha
You'r amazing the things we do together
But everlasting in making walk on water
And if it's raining it feels like sunny weather
When I'm with you your arms are like a shelter
