

# Perspective (feat. Homeboy Sandman)

## Until The Ribbon Breaks

Now let's get it all in perspective

Now let's get it all in perspective

Now let's get it all in perspective

Now let's get it all in perspective Hey Bobby, why do you like...

Until The Ribbon Breaks? Because it makes me happy. Oh no. just woke up

with a cigarette in my tea cup

Half monkey, half man.

Big dreams, small plans.

So welcome to the Pirate Bay.

All free, no catch

No thieves round here

You could leave your door on the latch

We had a pretty good year

Let's move on to the next

There's a time for reflecting Hook:

Now let's get it all in perspective

Now let's get it, get it, get it Oh no the road to Damascus

Is closed for repair, yeah

Life's still a ball Cinderella,

you can see it everywhere

Nobody ever really dies, no

I'm not a medicine man

I don't believe in Heaven,

I do believe in holograms.

Love, everybody needs you

It's a short life, just a preview

but there's a time for reflecting Hook:

Now let's get it all in perspective

Now let's get it all in perspective  
Now let's get it, get it, get itAnd nowThis is for silver-lining finding,  
Shit is fine, B. Keep this in mind, and moments  
that's defining, keep your calm amidst the sirens  
I know that there are tyrants that are tireless,  
But some don't even need mind it, it's just a minus  
There are pluses in abundance, life is wondrous,  
find your comfort in your moral compass.  
Do not be left in the dust with all the dunces  
worried that the world is crumbling.  
It's always crumbling.  
That's its primary basic function.  
It cannot be any better, it cannot be any worse,  
It can only be the way it is, that's the way it works.  
That goes for everybody on the Earth  
You think you worth it cuz you from the dirt  
There are people from the dirt that aren't earth  
It's ... to find the perks  
instead of steady wallin' whining about your wallet and your purse  
Life's a blessing. Everyone alive is more than blessed enough  
Unless you're jealous of someone else's stuff  
which of course makes you a suckerHook:  
Now let's get it all in perspective  
now let's get it, get it, get it
