

# Ice Cream City

## SHONEN KNIFE

Yan yan yan yan  
What do you feel lying on the hot sand?  
It is maybe doubledecker ice cream cone with caramel  
The yacht runs on the horizon  
Where is it going to?  
It goes to the ice cream city  
It is the sweet and easy place  
From morning til night, I had many favorite foods  
From night til morning, I had everything I want  
I wanna get I wanna get I wanna get I wanna get  
A ticket to the ice cream city, yan yan yanIf I meet the king of ice cream, I'd tell my wishes  
I'm sure that the soft cream king has a smile with white
