Whatcha need baby, baby's whatcha see baby, baby
My baby, baby, give it to me now come on, heyI'm whatcha need why can't you see
Let me feel you move a little closer to me
'Cause I know what you need baby, baby
You can call on me, you're the only one for meI wanna be your one and only
So please don't play hard to get, baby
'Cause what I have to givin' love
