

# Do What You Want

## Fitz & The Tantrums

You're kryptonite  
You make me weak, I know the type  
Rattle my bones, and my heart can't take it  
I'm terrified, I know it's probably suicide  
But I don't care, it's a sweet temptation Oh, oh, oh, oh  
I'd like to think that I could just leave  
Oh, oh, oh, oh  
Then you turn around and tug on my leash You know how to put me through it (Do what you want)  
The way you love is super human (Do what you want)  
And I'm prepared to take a bruising  
I, I, I, I like what you're doing  
So do what you want, what you want with me I scream your name  
The stars are going up in flames  
You fill me up, but the water's shallow  
I take the blame  
Your love might be the enemy  
Up on the edge  
Where you go, I follow Oh, oh, oh, oh  
I'd like to think that I could just leave  
Oh, oh, oh, oh  
Then you turn around and tug on my leash You know how to put me through it (Do what you want)  
The way you love is super human (Do what you want)  
And I'm prepared to take a bruising  
I, I, I, I like what you're doing  
So do what you want, what you want with me Do what you want, what you want with me I'll be your prisoner  
I'll take the blame  
I'm never leaving you, I like the pain  
I keep forgiving ya  
My heart's in chains  
I'm never leaving you, I like the pain I'll be your prisoner  
I'll take the blame  
I'm never leaving you, I like the pain  
I keep forgiving ya  
My heart's in chains  
I'm never leaving you You know how to put me through it (Do what you want)  
The way you love is super human (Do what you want)  
And I'm prepared to take a bruising  
I, I, I, I like what you're doing  
So do what you want, what you want with me Do what you want, what you want with me

Do what you want, what you want with me I'll be your prisoner

I'll take the blame

I'm never leaving you

Do what you want, what you want with me

I keep forgiving ya

My heart's in chains

I'm never leaving you

Do what you want, what you want with me
