Chixdiggit!

Well, every date I've been on, I've been sitting in your seat
Well, I don't know many people been as good to me as you
You've been good to me, good to me, rolling in my

323

You've been good to me, good to me, rolling in my 323
It's Friday night and I can't wait

Mom don't care if we get home late
'Cause you've been good to me, good to me, rolling in my 323

You've been good to me, good to me, rolling in my 323
'Cause you've been good to me, good to me, rolling in
my 323

You've been good to me, good to me, rolling in my 323
Never don't stop big Japanese heart, yeah

If you ever do I can always get parts, yeah
'Cause you've been good to me, good to me, rolling in my 323

You've been good to me, good to me, rolling in my 323
