Buried Alive

Nunslaughter

Hole for your coffin
Place your body in a box
Lower you down in the ground
Your heart hasn't stoppedAwake but dazed
Don't know where you are
Start ripping at the lid
You aren't going farFucking Buried Alive
And you are condemned to your tomb
But you're not dead
You've been buried to soonKnow there's no way out
Tears run from your eyes
Feeling hatred now
It's God you despiseMaggots will begin
To tear off your face
While you are trapped
In this wooden caseFucking Buried Alive
And you are condemned to your tomb
But you're not dead
You've been buried to soon
