Lovin

Edwin van Cleef

Give me your lovin ohh
Give me your lovin
Give me your lovin ohh
Give me your lovin
Give me all your lovin lovin lovin
Give me all your lovin lovin lovin
Every time I talk about love (Oh Baby)
People tell me I`ve changed
When I talk about us (Oh Baby)
There`s a smile on my face
Have I ever told you, ooh
How much I love you
How much I care
What wouldn't any man do (Oh Baby)
To have you coming through his way
A girl like you (uuh)
Should be given
What she deserves
We can choose
If you
