

Just Stay

The Craig Walter Band

Just Stay

Hey youâ€¦by the door
You never really told me what it was you came here for
Hey youâ€¦with that look in your eye
Wild winds are blowing in some distant sky
Hey youâ€¦donâ€™t be afraid
To cancel all those plans that you never really made
Letâ€™s let this young evening grow old
Just Stayâ€¦Just Stay

You takeâ€¦you give
Somewhere in the middle is what it takes to live
You sleepâ€¦you wake
Thereâ€™s nothing here so fragile that itâ€™s going to break
Youâ€™ve been staring out the window
Just like a sailor whose ship has gone out to sea
Itâ€™s time you turned around and looked at me
Just stayâ€¦Just stay

Oooh Oooh Letâ€™s let a new story unfold
Oooh Oooh We canâ€™t retell it if it never getâ€™s told
Now thereâ€™s nothing more we need to know
If you canâ€™t find a good reason to goâ€¦
Just stayâ€¦Just stay
